### ABOUT

The 12 Survivors Machete is constructed out of full tang steel to bring you a quality slashing and chopping tool to cut your way out of the thickest brush. Equipped with a paracord handle, the Survival Machete is easy to grip and maintain positive control while chopping. The paracord can be removed and be used for a multitude of applications ranging from securing shelter and setting snares to starting a fire. The 12 Survivors Machete can be hung from a belt loop or secured to a day pack ensuring you are never without a primary chopping or slashing tool.
