7 mm Cartridge

It is a member of the belted magnum family, who's purpose was to provide headspace control while easing cartridge extraction.

This makes it a desirable choice for hunting dangerous game.

It is a popular choice on the Western plains of the US, as well as for use on plains game in Africa.

Drawn from premium American-made brass cups, these casing are rigorously tested to ensure unparalleled durability and dependability, each casing undergoes rigorous in-line and postproduction quality assurance testing to ensure a flawless casing.

Standard casing dimensions and tolerances have been modified to achieve maximum performance. Jagemann™ Sporting Group's in-house tooling and engineering capabilities provide the ability to customize casing dimensions for use with specific projectiles. We can meet your needs.
