-
1. Evernote® or Dropbox® software must be installed on computer for "Send To Cloud" function to work with those services
 2. Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.
 3. For network users, Auto Scan Mode is only available when scanning at a computer using MP Navigator EX software and selecting the 1-click feature then "Save to PC."
 4. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turns off. Scan speed will vary depending upon a number of factors.
 5. To install using Windows® OS, .NET Framework 4 is required. Compatible still image formats are PDF (created using Canon PDF Creator only), JPEG (Exif), TIFF, and PNG. Compatible video formats are MOV (from select Canon digital cameras only) and MP4 (from select Canon digital camcorders only).
 6. Operation can only be guaranteed on a PC with pre-installed Windows 8.1, Windows 8, Windows 7, Vista or XP.
 7. Internet Connection required during software installation
 8. Warranty programs are subject to certain conditions and restrictions. See www.usa.canon.com/support for details.
