

22 ARC RESOLUTE IN ARMOR BLACK SHOWN

DISSENT RESOLUTE ENDEAVOR

22 ARC ADVANCED RIFLE CARTRIDGE

FEATURES

- AVAILABLE IN DISSENT, RESOLUTE, & ENDEAVOR LINES
- MULTIPLE CERAKOTE COLOR OPTIONS
- ZEROED DROP-IN TRIGGER
- M-LOK® FREE-FLOATING HANDGUARD
- ZEROED AMBI CONTROLS
- MULTIPLE STOCK OPTIONS

The 22 ARC is the result of careful and meticulous design, following the same proven methodology as the highly acclaimed 6mm ARC. The cartridge and chamber were designed concurrently by Hornady to ensure consistent and repeatable function while producing 22-250 performance from the AR-15 platform. 22 ARC barrels feature an optimal 1:7 twist rate to better stabilize the heaviest 22 caliber bullets. Available in a variety of Cerakote finish options; All CMMG 22 ARC firearms share features expected of a modern varmint rifle such as the Free Float M-LOK handguard, ZEROED Drop-In trigger, ZEROED Pistol Grip, ZEROED Muzzle Brake, and ZEROED ambidextrous controls.

For stock options, every RESOLUTE comes with an all aluminum Cerakote color matched RIPSTOCK. The customizable P3 screw allows shooters to store and transport their rifles in its shortest form, then "rip" the stock straight back to the same set length every time it's deployed.

ENDEAVORs are equipped with a fixed Magpul MOE rifle stock, featuring a sealed butt stock compartment perfect for storing items like tools, cleaning kits, batteries, etc.

22 ARC DISSENTs come in 16.1" pistol or rifle form. If you already have a stock or pistol brace the rear picatinny plate on the pistol is ready to accept it or whatever accessory you prefer, and since the barrel is over 16" there's no SBR-ing or NFA paperwork. DISSENT rifles come with our DISSENT Side Folding Stock that along with the bufferless Compact Action allows the rifle to be fired with the stock folded. When unfolded, the stock features length of pull adjustments and an adjustable cheek riser.

We aim to please, that's why every CMMG product is backed by our Lifetime Quality Guarantee against material and workmanship defects.
