

# PRODUCT DATA SHEET

Based in Silicon Valley, we have over 30 years of electronics product development and manufacturing experience with hundreds of products brought to market for our OEM customers. We are ultra low cost development and we manufacture what we develop, so getting to production is seamless. We're experts at all facets of imaging, acoustics, IoT, wireless, Cloud systems and Apps. New this year: turnkey thermal scope & binocular modules, advanced hearing protection and enhancement for shooting, ultra long range data transmission modules, or most anything else you can think of.

## EZ Load Electronic Magazine Loader AG-15ARLDR

### Description:

The EZ Load Magazine loader loads up to 30 223/5.56 Universal AR15 rounds in under 45 seconds. Saves thumbs and lots of time when loading magazines. The EZ Load operates on either a wall adapter (provided in the box) or 6 Lithium AA batteries (not included). It is portable: it has a convenient carrying handle and weighs less than 6 pounds (2.7kg).

To operate, simply input the number of rounds to load using the LCD screen controls, add up to 60 rounds in the bin, plug in the mag and press go. Great for shooting ranges, military, law enforcement and home enthusiast.

Operates with .223, 5.56 Universal, Brass or Nickel case. Hollow point is not recommended due to wear on internal parts.

This product is TAA compliant and is great for shooting ranges, military, law enforcement and target shooters.

Designed in California, Made in Taiwan.

PN: AG-15ARLDR Master carton qty 2.
