## FRINGE 10", 12", AND 15" M-LOK RAIL

Firefield's Fringe 10-inch M-LOK rail (FF34070) features a slim skeletonized carbon fiber body with an aggressive design robust enough to handle all M-LOK attachments. The Fringe rail features numbered rail slots to help with re-zeroing when remounting. Also included are QD sling sockets to quickly attach a sling to the rail on left or right side. Fringe M-LOK rails accept most Picatinny-, NATO- and Weaver-sized attachments.

### Features

- Carbon fiber composite material
- M-LOK rail design
- Lightweight
- Numbered rail slots
- QD sling sockets
- Accepts most Picatinny-, NATO- and Weaver-sized attachments

# SPECIFICATIONS

Material	Carbon fiber composite
Rail type	Picatinny / M-LOK
Length (in)	10", 12", 15"
Weight (oz)	6.2, 6.9, 8

## Features:

- Lightweight design
- Carbon fiber composite material
- Numbered rail slots
- QD sling sockets
- Rail should accept most Picatinny, NATO, and Weaver sized mounts

## Included Accessories:

- Barrel nut
- 7-slot M-LOK rail piece
- Hex key

# DIAGRAM

1. Picatinny rail
2. M-LOK slots
3. Barrel nut
4. Barrel nut screws
5. M-LOK rail section
6. M-LOK screws and nuts

# MOUNTING

**Tools Required: AR-15 Barrel nut wrench, table vice, AR-15 action block, torque wrench, hex key**

**Warning: If these tools are not available it is best to have the rail installed by a gunsmith in order not to risk damaging the firearm**

Prior to mounting, the current handguard needs to be removed along with the barrel nut, gas block, gas tube, and muzzle device.

To mount:

1. Tighten down supplied barrel nut to 30 ft/lbs.

2. Assemble gas tube, gas block, and muzzle device.

3. Slide the rail on to the barrel nut and align with barrel nut threaded holes

4. Install rail screws

# INSTALLING M-LOK RAIL SECTIONS

To install M-LOK rail sections:

1. Loosely assemble M-LOK rail section with M-LOK nuts and bolts

2. Line up M-LOK nuts with the M-LOK slot on the rail

3. Insert the M-LOK nuts in to the rail

4. Tighten bolts on M-LOK rail

5. Confirm M-LOK nuts have turned about 90 degrees to the proper locked position shown below, otherwise loosen the screws more than previously and re-tighten.

## **WARNING**

Unload firearm before installing the rail. Before handling the Fringe M-LOK Rail, read and understand the contents of your firearm's manual, and the Firefield manual. Follow all standard safety precautions and procedures during firearm operation.

- ALWAYS check that the chamber of your weapon is clear before mounting the Fringe M-LOK Rail.
- Failure to follow standard firearm safety precautions and procedures is dangerous and may result in serious injury, damage to property, or death.
