FEATURES

- USB rechargeable
- 5mW green laser
- Quick target acquisition

ACCESSORIES

- USB charging cord
- Adjustment tool

The Firefield® Rechargeable Compact Green Pistol Laser is the perfect handgun accessory for personal defense, law enforcement and combat situations. The extremely compact design of the device keeps the laser unit light-weight without compromising the rugged durability your life may depend upon. The rechargeable feature is very rapid – completely dead to full charge only takes 10 minutes. Shooters don't have to worry about searching for and spending money on expensive coin-cell batteries. Visibility ranges 50 yds in daytime, and 600 yds at night.
