The **Firefield Weaver Camera Adapter** allows the user to attach a reflex sight to where the external flash would be on an SLR camera, widening the field of view. Compatible with most reflex sights, the Firefield Weaver Camera Adapter is a sleek addition to any outdoorsman.

Able to be adjusted to the camera's line of sight, shooters can take quick point and shoot pictures when the action is in full swing. Never lose the picture again because of the restrictive, small peep hole in the camera. Perfect for sporting events or wildlife photography, the Firefield Weaver Camera Adapter makes a unique accessory that's sure to bring the outdoors to life! Make the perfect shot through the Firefield Weaver Camera Adapter. Firefield-Victory Justifies Everything!
