

DUAL LAYER FACE COVER

Take steps to help protect yourself and others while remaining comfortable in the **Honeywell Dual Layer Face Cover** with **replaceable high-quality filters**. When used together, the Dual Layer Face Cover and filters block penetration and provide enhanced filtration of aerosol droplets more effectively than common cloth face covers.

SINGLE USE FILTER

FEATURES:

- 4-way stretch minimizes gaps and enhances overall comfort.
- Adjustable ear loops and nose clip.
- Contoured design stands off the face to enhance breathability.
- Hidden pocket designed for easy filter removal and replacement.
- Single use filters are disposable.
Replace daily and dispose of filters properly after use.
- Face cover maintains function and shape after multiple washings.
Remove filter prior to washing.
