

ANNOUNCED: Q1 2018

FRINGE

8310

a KERSHAW ORIGINALS design

The Fringe is out of the mainstream and anything but ordinary. With its titanium-carbo-nitride blade and handle coating, and an attention-getting carbon-fiber insert, the Fringe makes an attractive EDC. For extra-comfortable carry, we thinned the back handle, making the Fringe lighter than you'd expect in an all-steel pocketknife.
