## OUTRIGHT

8320

a KERSHAW ORIGINALS design

Kershaw went blue sky on this one. Literally. The durable and scratch-resistant PVD coating on the Outright is brilliant blue. But there's more to the Outright. Its upswept blade makes it an excellent slicer, while the 8Cr13MoV blade steel ensures good edge retention, strength, and hardness. For additional style and enhanced grip, the handle has an overlay of black G10.
