ANNOUNCED: Q1 2019

LAUNCH 9

7250

a KERSHAW ORIGINALS design

Kershaw's popular Launch 4 has launched several new smaller automatics. The Launch 9 looks like a smaller version of our best-selling Launch 2, but it has its own appeal. Its compact size makes it easy to carry—and appropriate in a variety of situations where you wouldn't pull out a more aggressive-looking knife. Instead, it offers a refined look with the speed of an automatic.

BOX 087171055237 UPC
