One (1) Year Limited Warranty

L2D Combat is confident that every L2D Combat product and component is manufactured in accordance with the highest levels of quality, design and workmanship. L2D Combat provides a limited warranty as to manufacturing defects for a period of one (1) year from date of purchase for purchasers that L2D Combat considers to be “private” purchasers. Under these limited warranty provisions, L2D Combat may repair or replace any product that is determined by L2D Combat to have a defect so long as such product replacement is in keeping with the terms of the Agreement. All warranty and/or covered defect determinations are within the sole discretion of L2D Combat. To be eligible, the original purchaser must present: proof of purchase, prepaid shipping (where applicable), a sales receipt to the factory, and a Return Verification Number obtained from L2D Combat Customer Service or original retailer from which the Product was purchased. Modifications to L2D Combat Products in any manner, other than those expressed or implied by L2D Combat, in written form or the firing of hand-loaded, reloaded, re-manufactured or improper ammunition, instantly void this limited warranty. In the event of a warranty claim by any Purchaser, the L2D Combat product or component must be inspected by L2D Combat to determine the validity of the claim prior to honoring this warranty. In conjunction with this inspection, L2D Combat may also request other parts and components, as well as the handgun(s) in question. No other entity is qualified or validated by L2D Combat without L2D Combat’s express written approval to determine a defect, for warranty purposes, of any product or component designed, created, or manufactured by or for L2D Combat.
