

SPORTZ[®]

AIR MATTRESS 32000

Whether you are sleeping comfy in the back of your truck beside river rapids or roughing it on the living room floor, the comfortable Sportz Air Mattress will have you sleeping soundly through the night. Don't worry about packing a pump or locating power to inflate this mattress, the Sportz Air Mattress built-in hand pump allows you to inflate anywhere.

- Custom size air mattress is larger than a twin but smaller than a double to fit between the wheel wells of a pick-up truck
- Built-in hand pump allows you to quickly inflate the mattress without the need for external power
- Flocked top prevents bedding from slipping
- Large side valve for quick deflation
- Durable constructions can hold 400 Lbs
- Includes carrying bag for storage
