

The Dawn-to-Dusk Whitetail Specialist

NEW FOR 2017

3-9x50 RIFLESCOPE

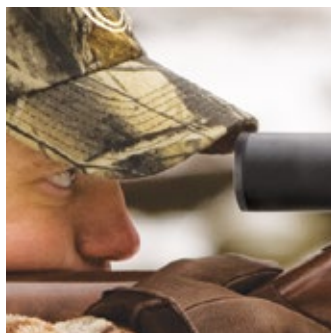

The Dawn-to-Dusk Whitetail Specialist

Our ultra-popular Buckmasters II riflescope series now puts a big 50mm objective lens in front of the versatile 3-9x magnification range and BDC long range hunting reticle.

3-9x50 Matte

Part# 16419 BDC

Nikon No-Fault Repair/Replacement Policy for Binoculars, Riflescopes and Fieldscopes*

Nikon is dedicated to quality, performance and total customer satisfaction. If your Nikon Binocular, Riflescope or Fieldscope requires service or repair not covered by our Limited Lifetime Warranty, just send it to us and Nikon will repair or replace it.

*Excludes products with electric components, lost or stolen products and intentionally caused damage.

FEATURES

Big, 50mm Objective Lens

Gathers more light to maximize hunting opportunities during precious first and final minutes of legal hunting hours.

Multicoated Optical System

Multicoated lenses offer increased light transmission for dawn to dusk brightness.

BDC Reticle

The BDC reticle allows hunters to hold 'dead-on' at ranges exceeding those previously thought possible. The BDC's unique see-through ballistic circles offer an incredible advantage for long range shooting, yet allow a normal sight picture for shorter-range shots where the crosshair itself is the aiming point.

Versatile Magnification Range

Offers the flexibility needed for any type of hunting situation, from heavy timber to the open prairies.

Precise Hand-turn 1/4-inch @ 100 yds. Click Adjustments

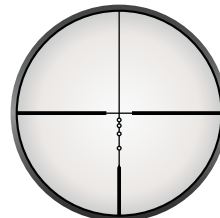

Positive-click reticle adjustments get you zeroed in quicker and maintain your setting even with heavy recoil.

Generous, Consistent Eye Relief

Keeps your brow safe—even with the heaviest recoiling cartridges, lightweight rifles, and severe shooting angles.

Waterproof, Fogproof, Shockproof

Nitrogen filled and O-ring sealed.

BDC Reticle
