

RG580 Marketing Copy

Description:

The RG580 by Olympia is a high-performance rugged flashlight designed for any situation. It uses Cree® LED technology to ensure high-brightness and is crafted from aircraft-grade aluminum with Type III hard-anodized, anti-abrasive finish. The textured body offers an anti-freeze non-slip grip. The RG580 has five light settings including strobe and SOS for emergency situations, is waterproof to IPX-8 and impact resistant to 1.5 meters. The light-weight, compact design makes this a great light for hunting and camping.

RG580 Features:

- Waterproof IPX-8 to 2 meters
- 580 Lumens
- 5 light settings: High→Middle→Low→Strobe→SOS
- 5 Memory light settings: Automatically memorize last used setting/mode after being in any one of the five light settings for 3 seconds.
- Complies with ANSI FL 1 Standard
- Beam distance: 235 Meters
- Peak Beam Intensity: 5865 Candelas
- Constant current circuit design, constant brightness
- Aircraft-grade aluminum with Type III hard anodized, anti-abrasive finish
- CREE-XM-L2 LED
- Compatible with: 2*CR123 or 1*18650 rechargeable (NiMH) batteries
- High performance metal orange peel reflector, double-sided steel coated lenses
- Reverse-polarity protection
- Smart circuit for rechargeable batteries

RG580 Dimensions:

- Length: 4.9"(123.3mm)
- Diameter: 0.98" (25mm)
- Weight w/o batteries: 2.3ozs (64g)
- Working Voltage Range: 3-9.2V
