

P-2B™ RX INSERT

DURABLE NYLON FRAME
PRESCRIPTION LENS CARRIER

PRODUCT DESCRIPTION

After the lenses have been corrected by an optometrist, the durable, nylon-framed **P-2B™** Rx Lens Insert snaps into **Crossbow®**, **Crosshair™**, **Suppressor™**, **ICE™** and **ICE NARO™** eyeshield nosepieces, and/or a **Profile™ Series** goggle.

The end result is a low-profile, lightweight prescription integration that can work across six product platforms.

Range of correction: +11/-11.
