

2010N

Nemo™

Dive Light

The Nemo™ 2010 LED Flashlight is Pelican's flagship LED flashlight. LED technology produces a white collimated beam that's as bright as an incandescent light and provides 10,000 hours of lamp life and extended battery burn time. The rugged, light weight ABS resin body is submersible to 100 meters and a twist on/off lens shroud eliminates accidental discharge. It is powered by 3 C alkaline cells. The Nemo™ 2010 is the future of LEDs.

DIMENSIONS

Length	8.11" (20.6 cm)
--------	-----------------

MATERIALS

Body	ABS
