

Detailed description

Description

- Excellent combination of freedom of movement and comfort:
 - narrow and comfortable waistbelt for athletic climbing
 - FUSEFRAME technology offers a thin and supple waistbelt for complete freedom of movement with minimal weight
 - elasticized leg loops allow the harness to remain adjusted
 - supple leg loop bridge for maximum comfort when climbing
- Optimized transport of equipment:
 - two rigid equipment loops in front for easy clipping and unclipping of quickdraws
 - two rear equipment loops are flexible, for bringing gear to the front and for comfort when carrying a backpack
 - two slots for CARITool tool holder
 - one rear loop for trail line
- Reinforced for durability:
 - reinforced tie-in points in high-modulus polyethylene (HMPE) for improved resistance to wear from rope friction
 - waistbelt equipped with a DoubleBack HD buckle in forged aluminum, offering good grip and fluid glide of the webbing for easy and quick adjustment
 - durable exterior fabric is abrasion resistant

Specifications

- Material(s): nylon, polyester, EVA, polyurethane, aluminum, high-modulus polyethylene
- Certification(s): CE EN 12277 type C, UIAA
- Harness comes in a protective carry bag
