

NEW

VIBRATORY CASE POLISHER

**Professional Quality Brass
Ready in Minutes**

The next generation of the RCBS® Vibratory Case Polisher delivers faster, more convenient brass cleaning with upgrades designed for today's reloader. Proudly Made in the USA, it features a new Quick-Detach Bowl for easy removal, an upgraded sifting lid for faster media separation, and an improved motor that powers through large batches of rifle and pistol brass with ease.

Quality handloads begin with quality brass. Paired with RCBS case cleaning media, the Vibratory Case Polisher produces bright, polished brass that's ready to reload—helping you spend less time cleaning and more time at the loading bench.

Available as US/Canada 120 VAC or International 240 VAC models.
