Purchase a limited edition Precision Sniper Rifle configuration with a valuable and numbered emblem

Schmidt & Bender was awarded the coveted Precision Sniper Rifle (PSR) military day scope contract, in 2011, for the 5-25x56 PM II™ model. The 5-25x56 PM II™ was tested, tortured, scrutinized, and evaluated heavily by U.S. Special Forces before being selected by this most elite military group. Since then, U.S. Special Forces of the Army, Navy, Air Force, and Marines have been supplied with the 5-25x56 PM II™ PSR day scope.

SCHMIDT & BENDER

PRECISION SNIPER RIFLE LIMITED EDITION

From the time the contract was awarded, Schmidt & Bender has been asked, repeatedly, to offer these riflescopes in the same configuration to the commercial markets. Beginning in late 2016, and into 2017, Schmidt & Bender has released the **Limited Edition PSR 5-25x56 PM II™** riflescope to the civilian sporting markets. These riflescopes incorporate the same reticle, adjustments, and locking mechanisms as the original PSR riflescopes. The Limited Edition production run will consist of 300 pieces worldwide.

If you prefer a riflescope like those used by U.S. Special Forces, the **Limited Edition PSR 5-25x56 PM II™** model is a riflescope custom built and hand-crafted in Germany to meet the application. These can only be found at Schmidt & Bender Authorized Stocking Dealers. Don't settle for less. Demand Schmidt & Bender.
