The tactical magnifier is the ultimate rifle accessory that provides rapid transitions between a weapon's optical systems, but attaching it properly with a Sightmark Flip to Side Magnifier Mount is key. This reliable, fixed mount is compatible with 30mm tube magnifiers and fits picatinny rails. The flip to side design means your magnifier is ready when you need it and out of the way when you don't, with little action in between. Made from durable 6061-T6 aluminum and coated with a matte black, non-reflective finish, the Sightmark magnifier mount will keep pace in the most punishing conditions.
