Short to Medium Range Shooters & Hunters

Tactical Users and Professionals

- Built for law enforcement, military, and duty applications requiring mission-ready dependability.
- **Mounting System:** Uses the ACRO® footprint for secure attachment on pistols, carbines, and shotguns.
- **Durability:** Enclosed emitter design protects the lens from dust, carbon, and moisture in real-world conditions.
- **Power and Readiness:** Combines solar power with shake-awake technology, providing years of readiness with minimal maintenance.
- **All-Hours Visibility:** Features 12 brightness levels, including 3 night-vision-compatible modes for round-the-clock use.

Competitive Shooters

- Designed for speed, precision, and control during competition.
- **Optical Flexibility:** Offers dot, circle, and circle-dot reticle options for adaptable engagement.
- **Performance Edge:** Circle-dot reticle allows rapid acquisition on close-range stages; 3 MOA dot ensures pinpoint accuracy at distance.
- **Operational Reliability:** Lock-out mode prevents accidental brightness changes while moving or transitioning between targets.

Hunters and Outdoorsmen

- **Construction:** Made from rugged 6061-T6 aluminum for high impact resistance.
- **Weatherproofing:** IPX7 waterproof and fogproof build ensures performance through rain, mud, and temperature extremes.
- **Enclosed Protection:** Keeps glass clear of debris and condensation—ideal for dense brush, dawn hunts, or unpredictable terrain.

Advantages

- **Three Reticle Options** - Choose between 3 MOA dot, 32 MOA circle, or circle-dot to match your shooting style and scenario.
- **Solar-Assisted Power System** - Extends runtime and automatically adjusts brightness for ambient lighting; includes manual override for full control.
- **Shake-Awake Technology** - Powers down after 5 minutes of inactivity and instantly reactivates with the slightest movement.
- **Extended Battery Life** - Runs up to 100,000 hours on a single CR2032 with solar backup for added reliability.
- **Enclosed Emitter Design** - Keeps debris, rain, and carbon out of the optical path for clear, consistent performance in the field.
- **ACRO® Footprint** - Provides rock-solid mounting across rifles, shotguns, and handguns for universal versatility.
