

Brilliant Aiming Solutions™

Trijicon TriPower®

The TriPower® has been designed with the following features to help ensure quality, ease of use and versatility:

Trijicon Fiber Optics

Trijicon's ultra-reliable fiber optics system adjusts the brightness level and contrast of the reticle to the available ambient light. The chevron-shaped reticle presents a crisp, clear aiming point, even in the brightest light.

Battery Illumination Switch

Trijicon's Tritium-Illuminated Reticle

Thanks to Trijicon's tritium powered phosphor lamp, the reticle provides a distinct aiming point, even in total darkness.

Broad Band Anti-Reflective Coated Lenses

Allows optimum light transmission and optical clarity.

Threaded Objective and Eyepiece

Enables mounting of various adapters, secondary mounts or lens covers, including flip covers.

Military-Grade Forged Aluminum 1-Piece Housing

Forged 7075-T6 aircraft aluminum alloy 1-piece housing provides for a nearly indestructible sighting system.

30mm Tube

Allows use of 30mm rings and scope mounts.

Waterproof

Completely sealed and waterproof to a depth of 100 feet / 30 meters.

Adjustable Windage and Elevation

Sealed external windage and elevation adjusters. (Normal adjustment range ± 1.25 degrees.)

On-Call Battery Backup

Trijicon's advanced battery system provides a backup light source for a crisp, luminous reticle at all times.

Specifications:

Length: 133 mm (5.25")

Width: 56 mm (2.2")

Height: 53 mm (2.1")

Weight:

Sight - 235 grams (8.3 oz.)

Sight With Mount - 283 grams (10.0 oz.)

Mount Only - 48 grams (1.7 oz.)

Batteries: (2) 1/3N

MFG. # DESCRIPTION

TX30 30mm Tube TriPower Reflex Sight with Red Chevron Reticle. Includes 30mm weaver ring mount, Scopecoat®, Lenspen and batteries.

MFG. # ACCESSORIES

TX10 ARMS® 30mm Throw Lever Flattop Rail Adapter for TriPower
