They also come with our top-of-the line lens coatings and have a durable magnesium chassis. The Razor® UHDs have their very own premium binocular harness and carry case that provides complete coverage and is highly water resistant to keep your Razors protected while in the field.

WHAT TYPE OF PRISM DOES IT USE?

The Razor® UHDs utilize the Abbe-Koenig prism style.

WHY ARE THE RAZOR® UHDS HEAVIER THAN THE RAZOR® HDS?

This system has a longer optical path length which gives a sharper and higher resolution image. Lastly, to fit the larger prisms the overall body is larger.
