

EOTECH MOUNT

FLIP TO SIDE WEAPON MOUNT

FLIP TO SIDE
WEAPON MOUNT
(RIGHT HAND DEPICTED)

EOTECH SHOE INTERFACE

PRODUCT OVERVIEW

Wilcox's Line of Flip Mounts are designed for the EoTech Flip to Side Weapon Mount. The EoTech mount is designed to flip out of the way when not in use and return to zero when back in operational mode. Flip Mounts for EoTech available with and without rails and accommodate both Low Profile and 5/8 Rise configurations. Flip mounts allow optics to flip to a stowed position for front sight visibility or to an operational position for magnifier operation.

FEATURES & BENEFITS

- Quick Disconnect mounting and dismounting of the magnifier to the weapon mount
- Threaded connectors allow for easy mount and dismount of the mounting system
- Light Weight with field proven dovetail attachment system
- Aluminum construction for increased durability over currently fielded products

SPECIFICATIONS
