

# SHADOW SERIES

NIGHT VISION MINI-VIEWER  
**MNV100**

## QUICK START GUIDE

- Press and hold the power button to turn on the device
- Turn the Focus Wheel to bring the image into focus
- Long Press the Up/Down Button to adjust magnification or press the Up/Down Button to adjust IR illumination
- Press the Mode Button to switch between Photo, Video and Playback mode
- Press the Camera Button to record media
- Press the Menu Button to adjust any other settings

# HELPFUL TIPS

- **Night vision does not work through glass. The glass will reflect the IR light emitted from the device**
- **To see in the dark, press the IR button to ensure that IR is turned on**
- **There are multiple IR levels (use the up and down buttons to adjust the intensity.**
- **The higher the IR setting, the further you will see in the dark**
- **ALWAYS make sure to turn off your binoculars when not in use.**
- **You can adjust auto shut-off time under settings.**
