ZT 0462
A DMITRY SINKEVICH design

This super-sized version of the 0460, designed by Dmitry Sinkevich, features a 3.75-inch upswept blade of CPM 20CV. The new 0462 also has a colored-carbon-fiber front scale with a deep-red weave of color. And note that there's no logo on the blade. Instead, ZT added details to the interior of the handle that are waiting to be discovered.
